SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

FEBRUARY, 1929

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICES REGARDING MEAT INSPECTION

ANIMAL CASINGS OF FOREIGN ORIGIN

Certificates required by B. A. I. Order 305 and instructions issued thereunder, which bear the official title of the high officials of the foreign countries specified below, will be acceptable with animal casings offered for importation into the United States.

The certificates must also bear the signature of the high official of the national government having jurisdiction over the health of animals in the foreign country in which the casings originated, but owing to the fact that the officials are changed from time to time it is impracticable to publish their names.

Official title	Foreign country
Secretary Department of Markets and Transport	Australia.
Secretary of the Department of Agriculture	Irish Free State.

The notice in Service and Regulatory Announcements of November, 1927, is hereby revoked so far as Australia is concerned, and, similarly, the one in the December, 1927, number is revoked for Irish Free State.

SHIPMENT OF UNMARKED MEAT IN CARS BEARING GOVERNMENT SEALS

Referring to Circular Letter No. 1326, "To Inspectors in Charge of Meat Inspection and Proprietors and Operators of Official Establishments," the bureau is informed that certain official establishments do not have railroad facilities for unloading meat direct from cars into the establishments. PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 246.—In re Charles A. Oss et al., market agencies and dealers, Union Stockyards, South Omaha, Nebr. Notice of inquiry issued November 1, 1927, alleging respondents refused and refrained from buying livestock from the Record Livestock Commission Co., which acts were done for the purpose of driving that company out of business. A hearing was held on January 11, 1928. On May 10, 1928, oral argument was made before the Secretary. On May 21, 1928, the Secretary ordered that the case should remain open and that no final disposition thereof should be made unless and until the Secretary of Agriculture deemed further action advisable. On November 28, 1928, in view of information to the effect that the respondents had not carried out in good faith the assurances given by respondents to cause the course of normal trading to be resumed immediately and continued, the Secretary ordered that further testimony be taken in this docket. A hearing was held on December 10, 1928. Oral argument was made before the Secretary on January 21, 1929. On February 9, 1929, he ordered that certain of the respondents cease and desist from the unfair and unjustly discriminatory practice of refusing and refraining from buying livestock in commerce from the Record Livestock Commission Co., and further ordered that the registrations of certain other respondents be suspended for 15 days, provided, however, that such suspension shall not become effective until such time as the Secretary, in his discretion, may hereafter direct, and that the case remain open for this purpose.

Docket No. 279.—In re Thomas T. Lowman, dealer, Pittsburgh Union Stock Yards, Pittsburgh, Pa. Notice of inquiry issued December 18, 1928, alleging failure to comply with bonding regulation. On January 2, 1929, respondent admitted the truth of the matters and things alleged in notice, and on January 15 waived a hearing and furnished a good and sufficient bond. On February 6, 1929, respondent was ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond to suitable trustees to secure the performance of his obligations incurred as such dealer.

UNION STOCKYARDS, KNOXVILLE, TENN., POSTED

On February 22, 1929, the Union Stockyards, Knoxville, Tenn., was posted as a public stockyard subject to the provisions of the packers and stockyards act, 1921.

NOTICE REGARDING GENERAL ACCOUNTING OFFICE FORMS

Attention is called to the fact that all correspondence in connection with preaudit difference statements (General Accounting Office Form 117, formerly designated as Form A–21), issued in connection with suspensions or deductions from various vouchers, should be through the Washington office of the Bureau of Animal Industry. *Under no circumstances should such correspondence be taken up direct with the General Accounting Office.*

INSTRUCTIONS CONCERNING SICK LEAVE

Attention of employees is called to the first paragraph of paragraph 514 of the Administrative Regulations when sick leave for a period, not in excess of two days, is taken and is not supported by a physician's certificate. It will be noted that the certificate must be sworn to before a notary public or any employee of the department (Agriculture) authorized to administer oaths to accounts for travel or other expenses against the United States.

Strict compliance with this regulation will obviate much trouble at the close of calendar years, when all leave slips are forwarded for checking.

THE USE OF TRANSPORTATION REQUESTS

Supplementing notice on page 102 of Service and Regulatory Announcements for November, 1928, regarding the use of transportation requests in lieu of cash for railroad, interurban, stage, auto-bus, and ferry fares in the amount of $1 or more, the following should be especially noted: (1) Inspectors and others in charge should order requests in sufficient quantities to meet the needs of themselves and all employees under their supervision at all times. (2) Employees should secure from their inspectors and others in charge requests in sufficient quantities to meet individual requirements. (3) The Washington office will not forward requests unless ordered, except in rare cases. (4) The requirement that requests be used when practicable for all fares amounting to $1 or more in lieu of cash in no way affects the use of scrip. That should be obtained as heretofore in exchange for a transportation request and used on all transportation lines that will accept it. (5) The bureau will no longer accept such reasons for not using requests as "No requests available," "No request furnished," "None on hand," "Supply exhausted," etc., unless these reasons are satisfactorily explained.

In the original notice wherein it was stated that if an individual had not been furnished with a supply of requests, or if the same had become exhausted a statement should be made to that effect, it was intended that these statements should apply only for current accounts, and not indefinitely after sufficient time had elapsed for all employees to make proper provision.

Inspectors and others in charge will please give this matter careful attention and inform all their employees accordingly.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

Penalties have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

Twenty-eight-hour Law

Pennsylvania Railroad Co. (2 cases), $200 penalties.
Texas & Pacific Railway Co. (9 cases), $900 penalties.

NEW PUBLICATIONS OF THE BUREAU
